Oshawa Kicks Soccer Club Zero Tolerance Policy:

OKSC is a strong supporter of making our league safe for our players, coaches, staff, spectators and members. Our Zero Tolerance Policy is enforced in order to regulate the conduct of our environments. Participants and spectators are not permitted to abuse or disrespect other participants. Every participant and spectator must observe this policy and accept the repercussions for failing to comply.

Any person within the club sanctioned permitted space determined by the Club to be guilty of abusive or disrespectful conduct towards any individual during a game or event will face disciplinary action by the Club.

The most important aspect of club sanctioned events is fair play, not competition. The Club is committed to promoting sportsmanship through respect between players, captains, coaches, match officials and spectators.

Zero Tolerance mean that for a specific infraction, there will be a specific consequence (or a range of consequences). Zero Tolerance is practiced when the application of consequences will not be allowed. The Club will uphold event suspension and/or expulsion consequence in response to violations of this policy. Any violation of this policy may result in immediate removal, suspension or expulsion of the offender and/or involved parties. At the conclusion of each fiscal calendar the club's Discipline Committee will review all reported cases reported under this policy. This review may result is an offender being denied membership in the following season if they are deemed in breach of this policy and the league's fair play objectives.
